Connecting every learner to the natural world and inspiring change for a sustainable future.

Teaching Science & Technology K-6 with Confidence

This professional learning course will further develop teachers' understanding of the 2019 Science and Technology K-6 syllabus.

Completing Teaching Science and Technology K-6 with Confidence, will contribute 5 hours of NESA Registered PD addressing 6.2.2, 3.3.2, 2.1.2, 3.4.2 from the Australian Professional Standards for Teachers towards maintaining Proficient Teacher Accreditation in NSW.

Course Objectives:

- Gain a deeper understanding of the 2019 syllabus
- Develop skills and confidence to teach science and technology through practical investigations that are creative, engaging and use an inquiry-based model
- Become equipped to share experiences and knowledge with school staff
- Develop a relationship with Environmental and Zoo Education Centre (EZEC) staff and other K-6 teachers to provide ongoing support and resource sharing, with a focus on Working Scientifically, Living World and Digital Technology content.

The course is run by specialist DoE Science consultants and the Principal and teachers from Brewongle Environmental Education Centre. Participants will gain a stage-relevant understanding of Scientific Inquiry and Fieldwork.

Note: The pre learning MyPL module "Unpacking the Syllabus" NR21149 will need to be completed before you can enrol in this course.

Contact the centre for bespoke professional development and programming support.
